

Regence BluePoint

COMPREHENSIVE, FLEXIBLE AND AFFORDABLE

The up-front care your employees want—with features you'll love

Finding smart ways to save has never been more important for businesses of all sizes. BluePoint helps you keep an eye on the bottom line while still offering the immediate access to care (before deductible) your employees need. For example:

- **Office visits:** Covered at 100% after copay, in network
- **First \$400 in lab and X-ray services:** Covered at 100% per person per year
- **Preventive care:** Covered at 100%, in network

Network choice equals savings

BluePoint is an in- and out-of-network benefit design where you choose the provider network that best suits your needs. Employees are free to see any provider, but they'll have the highest benefits and lowest out-of-pocket costs when they visit providers in the network you've selected. The network options available to you are:

- **Preferred FocalPointSM.** This is a focused network geographically centered along the Wasatch Front from Brigham City to Payson. It includes the HCA/Mountainstar hospitals and affiliated providers, the University of Utah Hospital and clinics, as well as other providers.
- **Preferred ValueCare.** This network features the same hospital network as Preferred FocalPoint, but also includes the IASIS Hospital system. The network allows statewide access to providers.
- **Preferred BlueOption.** This network consists mostly of facilities and providers that are owned by or affiliated with Intermountain HealthCare.
- **Participating.** Our broadest-access network, the Participating network consists of 100% of the hospitals and 93% of the physicians in Utah. In short, it's all three of the above networks rolled into one.

No matter which network option you select, BluePoint provides access to the entire Regence network of providers—including access to providers across the country and around the world—through the BlueCard[®] Program.

More tools for more wellness

BluePoint is one of a suite of Regence plans that promote wellness and help members live better.

These plans provide your employees with personal wellness programs that offer incentives and rewards for reaching individual health goals. **These programs are not insurance but are offered in addition to your medical plan to help your employees get information and support when they need it.**

- **Integrated Care Management**

Regence health plans include Integrated Care Management, a program that provides specialized, targeted attention and support for employees who need assistance in managing their care. A Personal Care Team of clinical experts is ready to assist employees and their families with an ongoing medical condition, or serious illness or injury. The program provides easy access to one-on-one support focused on closing care gaps and improving health outcomes.

- **CareEnhance® Nurse Line**

Registered nurses are on call 24/7 to answer health care concerns.

- **Regence Rare Disease Condition Management Program**

Employees—and their families—facing complex chronic conditions receive assistance and support.

- **myRegence.com**

This online resource allows your employees to search for providers, check their claims, compare cost and quality, get support and advice, and research health topics.

- **Regence Advantages**

Our members-only discount program offers your employees savings from a number of nationally recognized, health-related companies.

You can elect to offer additional support programs that include help with tobacco cessation, weight loss programs, biometric screening services, customized reward programs through myRegence.com, and worksite wellness programs.

We make it easy to manage your plan

Regence provides employer resources and support, reducing the time, energy and effort it takes for you to manage your company's benefits. That leaves you more time to focus on running your business.

Employer Center

Employer Center is your single source for information, questions and resources regarding your account. With 24/7 secure access, you can:

- Access administrative forms and support tools
- View and print benefit booklets and plan summaries
- Download UpSide™ wellness program information and tools
- Access Health Care Services program fact sheets
- Research the latest health care industry information and reports
- Quickly update employee benefit coverage (groups 51+)
- Review, reconcile, and pay your bill in just minutes with eBilling (groups 51+)

With Regence BluePoint, you get affordability and flexibility in a comprehensive package your employees will value. To learn more talk to your Agent or Regence Sales Representative today.
