## BLUECARD PROGRAM

When You receive Covered Services outside of Utah be sure to use Participating/BlueCard PPO Providers of the Blue Cross and/or Blue Shield Plan in the area where You receive the services. When You do, the amount You pay for Covered Services is usually calculated from the lower of: 1) the actual billed charges for Your Covered Services; or 2) the negotiated price that the host Blue Cross and/or Blue Shield Plan passes on to Us. See the Booklet for details on the "negotiated price" and other important information regarding the BlueCard Program.

## LIMITATIONS

- During the 9 months immediately following Your Enrollment Date, (or 18 months immediately following Your Effective Date if a Late Enrollee), NO BENEFITS will be provided for a Preexisting Condition ("PEC"). A "Preexisting Condition" is a physical or mental condition (except pregnancy) for which medical advice, diagnosis, care or treatment was recommended or received within 6 months prior to the Enrollment Date.
